Ex-Saints tight end Jimmy Graham to become wide receiver Posted by Kevin McGuire on January 31, 2014, 9:37 AM EST Getty Images As free agency is winding down for the New Orleans Saints, news of the impending departure of tight end Jimmy Graham is getting out in advance. ESPN's Chris Mortensen announced on Monday that Graham will become the New York Giants' wide receiver. The Saints gave up a

draft pick to trade Graham to the Seahawks, who released him in early December. Graham caught a league-high 14 touchdown passes, but he missed most of the 2013 season with a broken thumb. He made nine catches for 110 yards and two touchdowns in nine games for the Seahawks. Injuries and inconsistency plagued Graham during his time in New Orleans. He made a huge impact when healthy during his first season in New Orleans, but it looks like he's now ready to move on. The majority of the world's one hundred richest people control 21 percent of the global economy, according to the 2018 Forbes rankings published last week. In the Asia-Pacific region, the top ten richest individuals control an astounding 67 percent of all wealth. You won't find names like Bill Gates or Warren Buffett on the top 10 list, but their descendants do. Forbes ranked them among the "highest-earning individuals under 30."

Below them are a group of four Chinese, three Russian, three Indian, two Filipino, two Indonesian, two Japanese, two Malaysian, and one South Korean. This group "showcases extraordinary success in an emerging market that is experiencing explosive economic growth," Forbes says. The East and South Asia region is the fastest-growing region of the world, with the population of China more than doubling from 457 million in 1978 to 1.34 billion today. It's also where the richest families are based. They control 50 percent of the wealth in India, as well as in Indonesia, the Philippines, Thailand and Vietnam. The United States is the wealthiest country in the world, with a total of 50
