
Eu4 Meiou And Taxes Download

Download

I am very happy to announce that MEIOU and Taxes v3.0 Open Alpha for . I played MEIOU & Taxes (EU4 mod) with a friend. I took responsibility for the Swiss. We played in mission mode (TBS). We played campaign mode as well as TBS mode. In mission mode, I was able to take control of several factions, as well as capture / hold a castle or city, etc. But in campaign mode, things were different. In campaign mode, if I took control of a city, I couldn't take control of other factions. I had to play campaign mode over and over to unlock other factions. I was desperate so I decided to try MEIOU.
