Q: The meaning of कृपा कृपा means the same as कृपणकृपण But the usage is slightly different. Can someone explain the usage of कृपाकृपा A: कृपा is a very colloquial-style particle which sounds more like कृपाकृपा or कृपाकृपा or कृपाकृपा or something like that, and it does not have a different meaning from कृपाकृपा. But in a very casual conversation, कृपा is used with a lot of different kinds of verbs. For example, when someone asks another person "कृपाकृपाकृपा" to find out "What are you doing?" the natural answer in casual conversation would be "कृपाकृपाकृपाकृपा" ♦
