“Many RPGs have fallen short of their potential. An RPG that makes a gripping story by incorporating the action genre, places high emphasis on the character growth of its players, and is simple to understand is a rarity. I recommend this game if you look for action RPG with an elegant story.” “I’m still at a loss for words after playing this game. Everything is addictive. I recommend you to try this game that can be accessible to anyone, from beginners to pros.” “This game is fun! The graphics are pretty good as well. It’s definitely well-made.” “This game is my favorite RPG this year! I recommend it.” “This game’s story is one of the best I’ve ever seen.” “This game’s story is one of the best I’ve ever seen.” “The online play mode is great for someone who doesn’t have a lot of time to play the game.” Old fantasy is about to get a

Fantasy twist. Tarnished is an action RPG and for some people that's like a turn-based RPG. Tarnished is both. The story is like a mix of a Fantasy novel and a battle game. Your party fights enemies with your tactical skills. With the story of your party, you can see how you are improving. If you die, you can still go back to a save point. If you want to complete the story in 1 playthrough, you need to gain more experience by defeating enemies. Gameplay

Tarnished is an action RPG. You can play a single player or online. It is recommended to play in a party. In Party Battle, a party of 3 is ideal. Tarnished is the newest on Steam. If you have not tried this game yet, definitely give it a try. Tarnished is popular on Twitter and has a good online community so it is recommended. Appeal The graphics are simple and sometimes similar to old school RPG but it has a nice cartoon like feel to it. You will enjoy the world of Tarnished. The characters are adorable. There is a pretty decent story. The only downside is that the music sounds like the twitter and everytime you take a battle or hit an enemy with a skill bff6bb2d33

■ ABOUT THE CHARACTER ◆ The Tarnished An unrivaled force of the Orb Lord's power. A rare and beautiful being that has the power to grant or violate fate, but is also lost and unfortunate. Not even the most ferocious of animals fear it. They believe that nothing can be overcome by mere action, but that the Tarnished is something beyond

the limits of the ordinary and cannot be conquered. ◆ The Tarnished is an unstoppable force that cannot be fled. The most powerful of human races, it does not even fear death. It also does not understand pain, and has no fear of pain, but it does not have compassion either, and uses that pain to subjugate, enslave, and take revenge on those who hide their weakness. ◆ There is a story of ultimate misfortune. The first Tarnished was born of a human. It was raised in the human world, knowing nothing of its true power and experience, but a kingdom's greatest treasure fell into the hands of a human and was stolen by a Tarnished. This Tarnished was also raised in the human world, ignorant of its true power. From that time, the Tarnished continued to multiply, while the human race died out. The Tarnished are the very embodiment of the power of the Orb Lord. Their wielders are endowed with Orb skills. The Tarnished are proud and don't fear death, but they aren't actually immortal. Every time a Tarnished dies, it loses level. There is a story of ultimate misfortune. The first Tarnished was born of a human.
