## GAYAGA

===== \* With the click of a button you can have your text translated instantly. \* Quick to learn and use but effective for a variety of languages, including: English, Spanish, French, German, Italian, Portuguese, Polish, Russian, Ukrainian, Czech, Bulgarian, Chinese, Bulgarian, Bulgarian, Croatian, Croatian, Czech, Czech, Czech, Danish, Danish, Dutch, Dutch, Greek, Greek, Croatian, Greek, Greek, Hungarian, Hungarian, Italian, Italian, Swedish, and Swedish. Installation: ===== \* GAYAGA is free software. You can use it for free. \* To install the application, just click on the "Install GAYAGA" button on the main window. How to use: ===== \* After installation GAYAGA will appear in your computer with a small icon. \* Just double-click on the icon. You will be able to immediately translate your text, and then get your translated text instantly. \* You can change the language in which GAYAGA will give you the translated text with the "Language Selector". \* If you want to give the application a more classical look, you can choose to "Hide the system tray icon". Language Selector: ===== \* With the "Language Selector" you can choose what language GAYAGA will be translated in. If you want to translate in another language, it is better to begin by installing the required language. Translated texts: ===== \* GAYAGA has a large variety of translated text because it is supported by a large number of different languages. New languages: ===== \* To add a new translated text, just enter the text in the text box of the "Language Selector". Select the language which you want to translate. GAYAGA will immediately translate the text for you. To Read More About GAYAGA: ===== \* See the instructions below to access the GAYAGA supported languages. \*\*\* Important notes \*\*\* ===== 1. GAYAGA currently only supports the "Simple" and "Advanced" mode of translation, Please refer to ""The Official GAYAGA"" page for more information. 2. The system tray icon is required to use the system"
