Q: How to change the theme of only one activity in android programatically? I want to change the theme of only one activity programatically, I don't want to use theme.xml, is there any way to make it? A: yes getActivity().setTheme(R.style.Theme_Light); also check Activity and the documentation about Theme Orientation-reversal illusion on solid-phase-coated capillaries. A revised version of the orientation-reversal illusion (Laing, E. G. 1977. Vision Research 17, 1-18) is presented. In the first experiment, the solid-phase-coated capillaries were used in place of the grating-illuminated surface. In the second experiment, the grating was tilted through 180 degrees and was illuminated in both the usual and the opposite directions, showing that orientation-reversal effects and illusory effects were produced with and without the change in illumination direction. In the final experiment, the solid-phase-coated capillaries were used without the grating. The orientation-reversal illusion disappeared. Possible mechanisms are discussed.

1. Field of the Invention The present invention relates to a method of fabricating a light emitting element, and more specifically to a method of fabricating a light emitting element in which a light emitting element is formed on a substrate through an insulating
