The King's Ransom is a 5-player, multiplayer game of poker for PC. There are 2 varieties of poker games in The King's Ransom. You can play heads up or you can play in an online multi-table tournament. The online multi-table tournament gives you the option to play a wide variety of player types from all around the world. The player types will use a wide variety of bankrolls (bet sizes) and starting chip counts. The game will give you a custom starting hand selection based on your bankroll and how much you've banked. Once a round has started, the screen will slide to the left. It's time to play! The game features a handy player-tracking feature

that lets you keep a record of each round you have completed and keep track of your high score. You can play in 6 different themes ranging from Dark, Fun, New, Classic, Fantasy, and Texas. New Players: The King's Ransom includes some helpful tutorials to get you started. There is also a "Heads Up Tutorial" where you can quickly find out how to play and play the game without having to wait through a tutorial. Each user has a different style of play and makes the heads up battle a little different every time you play. You will figure out the best style of play for you while you're getting to know the game and learning how the different types of players will interact with each other and play against you. To download this content, you will need to have Star Trek Online installed on your PC and an active Star Trek Online Game Time Card (GTC) account. What's new:

White's Added) Full Tilt Xtreme Game Type: Ongoing Buy-in: \$10 No Limit Pot Players: 2 This one has never happened before because Full Tilt Xtreme is newer and I haven't been on this table until recently with every change of personnel we've made. Your buy in is \$50, but to get it that is all you need to buy on a Full Tilt account. The max cash game table is for even bigger buy ins. Your buy in is \$50, but you only need to play at the maximum buy in to win. Don't be scared, you should be too scared to even sit down at a Full Tilt cash game table. These aren't our typical types of main games. They are nearly always a few million HU's to collect. I do actually like this type of game. ETC. - Monday which is 3somes out and Tuesdays which is I think 2-5's. I found a great deal at a local casino this summer and bought out all the tables with a nice rental from the casino. So the 3 and 5 limit are smaller top tables. Special Game of \$1,000 All In, \$500,- All In, \$500,- and the \$1,-,- weekly \$1-5,- \$1-5,- \$1-5 and Two-Deck European High Roller is definitely not the highest I've ever seen on a Las Vegas poker table. Even though you can't lose anything, the cause for concern is you could lose everything. But wow what a time. Ha! No, I just like putting people in a situation where they earn more than they make by playing. That always makes a good time. PS - My girls (six teens with pocket aces and straights) hit the jackpot last week on Chinese new year's weekend and were treated to a trip to Vegas. Quality time together with some card action. We came back from a day of shopping and eating and hangin' out with one of their friends at Ve's and made the same trip. Funny how a human sees things. Play strategy and spirit, not strategy and spirit. Play poker with integrity and your long term goals in mind, not with your wallet. Never tell secrets on the links, always online. A good poker face and the ability to react equally to bad and good hands is the hallmark of a great player. Being ahead
