Hansa is a bollywood movie released in India in Feb 2008. Make me proud,... don't let me down,... Your Star Trek fan is getting older and if you don't give us the respect we deserve... you'll lose an empathetic heart. We love Star Trek. If you want to talk about it, or a sub-par episode, you can. Want to sing songs about it? We're cool. Want to talk about the movies, or even old school, pre-TOS TV shows? We're cool with that too. But when someone really wants to say a lot, or otherwise belittle you,... don't take it. What we want, is respect. If someone chooses to be a douche, it's cool. If someone is truly a fan, they will be respectful. So don't be a snob. We're just like you. The only difference is that we don't talk about sex, drugs or religion, unless we really want to. We don't use profanity, unless we want to. We aren't sexist. We don't hate anyone except for the Feds, and they usually hate themselves. We're not a group of bitter old men who have no social life. We're just normal guys who want to be accepted. That's all. It was called an international meeting of top climate experts from around the world. Instead, it felt more like a global forum in which climate change deniers attacked the concept of global warming, and skeptics like former Vice c6a93da74d
