## Avenged Sevenfold Amplitube Preset!

October 23, 2017 â Hey Guys, I'm about to start learning to play electric guitar and I'd love to get a7x sound from my guitar/amp. Will I need overdrive pedals. So if you have one or two, how do I get them? If this is not a problem, let me know! I think I could get some from the Amazon store. Sincerely, - Chris If you want to learn how to make your guitar an electric guitar or any other, please visit our website. We would like to hear your opinion!
